WEATHER FOR WEEK

Present pressure distribution indicates that fair weather will prevail generally throughout the country during the week, with temperatures above the seasonal average as a rule, says the Weather Bureau.

Fighting on the Western front has been confined to raids by both sides and artillery fire.

One of the new laws to soon become effective will pay jurors \$3 a day for their services whether they are used or not.

Gen. Hugh L. Scott, former Chief of Staff, has been put in charge of Camp Dix, N. J., and a younger man will take on the active service at the front.

The Russian Congress at Moscow, as representative as possible for divided Russia, voted to accept the humiliating peace terms offered by the Huns.

The Germans have occupied Nikolayev, another large Black sea port where the Russian navy yard grain warehouses are located. It is a city of 10,000 people, 70 miles from Odessa.

Gen. Von Gallwitz, a new officer previously on the east front, has appeared opposite the Americans in Lorraine. Evidently the Huns realized that it takes a man with gall to expect to whip an American army.

Nearly 100,000 tons of freight for the allies is lying on the piers at Atlantic ports from Boston to Norfolk, according to reports to Director General McAttee. Accumulations are so fast that it may be necessary to retard the movements to the coast.

As reported in our telegraph news under an order issued by President Wilson all coal jobbers, brokers, agents, wholesale and retail, are put under a licensing system. The order is effective April 1. Regulations specifically fix the charges to be received.

The offices abolished by the General Assembly number 124, many of them with big salaries. Some of the office holders will be taken care of by the Governor by reappointment to commissions created in merging various boards. Gov. Stanley was given authority to terminate the office of assistant Attorney General on June 30, when the salary is to cease.

Daylight saving now waits only on President Wilson's approval. House amendments to the daylight saving bill requiring all timepieces to be advanced one hour, beginning the last Sunday in March, were accepted by the Senate. According to the new law the noon hour will come at 11 o'clock in the morning, according to the standard time.

BRITISH USE DUMMY TANKS TO DECEIVE THE GERMANS

Having found the battle tanks a great success, the British are now using dummy imitations of them to deceive the enemy to induce him to waste his ammunition and to cover movements of the real things. One of the dummies is here shown being taken to a position near the front.

RED CROSS LECTURE

Private Peat Coming For Lecture At Tabernacle March 30.

WORLD FAMOUS HERO

Wounded In The Trenches of France Will Tell of The War Scenes.

"Private" Peat, the famous war lecturer, a returned Canadian soldier, will be in Hopkinsville Saturday, March 30, for a lecture at the Tabernacle. He is one of the first men to go from Canada at the beginning of the European war and spent two years at the front.

"Private" Peat comes under the auspices of the local Red Cross Chapter and the prices for admission will be 50c for adults and 25c for children. No reserve seats.

All who have heard this famous lecturer pronounce him one of the greatest in the country. He is thoroughly familiar with conditions at the front and his powers of portraiture of these are second to none. His coming to Hopkinsville will be hailed with much enthusiasm and a large audience will likely hear him.

SPONY MAKES MARATHON RACE

AND FINALLY ROUNDS UP A NEGRO THIEF FROM TENNESSEE.

Policeman A. W. Witherspoon had a lively chase after a negro thief yesterday during the hot part of the afternoon and finally rounded him up two miles South of town. The negro who gave the name of Wilson Scott, of Tennessee, asked permission to ride in a wagon of G. H. Stowe in which two colored men were leaving town. John Wallace and Jamie Jones. They started out the Canton pike but when near Jenkins' grocery Scott swiped a pistol lying in the wagon and leaping out took to his heels. The weapon had just been purchased by one of the men for \$21. Jones ran to Officer Witherspoon's house near by and found that officer was just getting up and preparing for night duty. "Spony" at once took up the chase in his shirt sleeves and followed Scott across the country beyond the fair grounds where he finally brought him to a standstill by a "cut off" movement. Scott resisted arrest and was given a pom-pom round with the officer's flat until he quit down. He denied having the pistol but was back-tracked and the pistol found. In the meantime Mrs. Witherspoon had notified the office and an automobile was sent for the return trip to town. Scott is in jail under a charge of grand larceny and "Spony" is nursing some very sore knuckles and still trying to cool off.

ENGAGED SIGHT UNSEEN.

The marriage of Miss Letha Bigham, 16 years old, of Paducah, and Mr. Paul B. Richardson, 19 years old, of Poplar Bluff, Mo., at Paris, Tenn., Thursday afternoon, was the culmination of a remarkable romance which began about two months ago when Richardson was plucked into love at the sight of Miss Bigham's photograph and lost no time in winning the hand of the pretty young bride. Richardson sent a telegram from Cairo, Ill., Wednesday afternoon announcing that he would arrive in Paducah that night. He described himself and Miss Bigham and her mother met him at Union station. The wedding was arranged and the couple went to Paris, Tenn., and were married.—Paducah Sun.

Red Cross Tobacco Sale Surpasses Point Heretofore Reached

The Red Cross Tobacco Sale Committee today sold all the tobacco collected last week on all the loose floors. Mrs. Ed L. Weathers, chairman, and her committee received the largest amount of any of the committees, the total going to \$431.31.

The following who had sold their tobacco gave money: R. H. Kemp, \$5.00; Jas. T. Garnett, \$25.00; R. H. Clark, \$1.50; C. L. Boyd, \$5.00; E. T. Stegar, \$2.00; Mr. Ladd, \$1.00; F. B. Lacy, \$25.00; John Rives, \$15.00; Jeff. Garnett, \$5.00; Howard Stowe, \$15.00; Allen Owen, \$5.00; Mr. Hims, \$5.50.

These farmers gave the amounts of tobacco as indicated: Ira Rhea, 50 lbs; Albert Cox, 5 lbs; W. H. Wharton, 50 lbs; V. H. McKinney, 10 lbs; Nick Edwards, 5 lbs; John J. Reed, 100 lbs; Jordan Rives, 100 lbs; H. Coleman, 50 lbs; A. W. Shular, 40 lbs.

SCHOONMAKER IS UNSEATED

CIRCUIT JUDGE KERR THROWS OUT ENTIRE PRECINCT VOTE AT LEXINGTON.

Lexington, Ky., March 18.—Circuit Judge Charles Kerr threw out all votes cast for commissioner last November in Deweese-street precinct No. 2. By this decision Wood G. Dunlap, leading Republican politician, is given the commissionership of public property and Harry M. Schoonmaker, incumbent, is ousted.

Involving, as it does, one of the boldest election frauds that has ever been brought to light in Lexington or Fayette county, the case has for several months commanded the keenest interest and attention. As a result of the charges made in Dunlap's petition of contest, Jerry Delp, one of the election officers, has started a four-year term of imprisonment for corrupt election practices, and Emmett Martin, his companion, is serving a one year term. Throwing out the precinct gives Dunlap a majority of thirty-eight votes over Schoonmaker. Hundreds of type-written pages of evidence were given in the case by scores of witnesses.

STRIKES AGAIN.

Strikes again are in progress in Austria and Hungary and are spreading fast, according to an Amsterdam dispatch. Telegraphic communication between Budapest and Vienna has been suspended.

SURPLUS SEED CORN

Will Be Sold By the Christian County Board of Agriculture.

ADVERTISING CAMPAIGN

Money Has Been Raised and Plans Formulated—Meet Today at 3 O'clock.

Following up the suggestions of District Farm Agent G. T. Wyatt and Jake Crider of the State Department of Agriculture, the Christian County Board of Agriculture has taken steps to advertise throughout several states and a large number of counties in this state. The board held a meeting last Saturday afternoon and appointed a finance committee composed of T. J. McKeynolds, Sam Frankel, and F. K. Yost, was appointed to raise by subscription a fund of \$500 with which to start the advertising and employ a man to handle all correspondence in the advertising and sale of all corn. This fund has been raised and the following is a list of those who subscribed to the guarantee fund:

The Acme Mills, Wall & McGowan, Hopkinsville Milling Co., Frankel's Busy Store, J. H. Anderson & Co., R. E. & W. D. Cooper, Ed L. Weathers, G. L. Campbell, T. J. McKeynolds, and A. H. Eckles.

The board will meet this afternoon at 3 o'clock at the H. B. M. A. office to receive the reports of the Finance Committee and the Committee on Plans. This latter committee consists of S. L. Cowherd and R. E. Cooper. All the business men and farmers are wanted at this meeting. Plans will be completed at today's meeting and everything set in motion.

A contract has been let for a large amount of advertising which will be done in several big farm journals and about 40 county papers. All these ads will set forth the fact that good seed corn can be had in the ten counties composing this district. Consequently a large number of inquiries will soon be coming in from those who have to buy seed corn.

No seed corn will be sold out of the county and district except through the Christian County Board of Agriculture and no corn will be sold unless it is tested and listed according to governmental regulations. All corn will be sold at \$5.00 per bushel less 10c which will be deducted to help defray the expense of advertising, correspondence, etc.

If you have corn for sale list it with the government representative, John W. Keeling, or call either of the following: H. B. M. A. office, A. H. Eckles, Ed L. Weathers, G. L. Campbell, T. J. McKeynolds, J. T. Stegar, S. L. Cowherd, Sam Frankel, F. K. Yost, J. A. McKenzie, R. E. Cooper, B. O. McKeynolds, or Geo. Crenshaw.

This is a matter that is serious and needs quick action. Act today and don't wait till the planting season is on.

PUBLICITY COMMITTEE

HOLDS IMPORTANT MEETING TOUCHING PROPOSITION OF CIGAR FACTORY.

At a meeting last night of the Publicity Committee which was appointed to advertise the proposition of bringing to Hopkinsville the big cigar factory and procuring the necessary help, the proposition was gone over thoroughly and ways and means discussed. Plans were outlined whereby the many advantages of such a factory to Hopkinsville and Christian county will be brought to the attention of the public. This committee will endeavor to show why this proposition should have your support and that the necessary labor should be enrolled at once to guarantee the proposition. Read the ad which appears elsewhere in this issue.

This is a highclass proposition and deserves the support of the good women and girls of our town and county as well as the support of the business men.

JOHNSON OF WASHINGTON ON RAMPAGE

(By International News Service.)

Washington, March 18.—A hot attack on the new war corporate finance bill today in the House debate included half a dozen statements that the use of \$2,000,000,000 authorized would be to bolster up and rebuild broken down railroads. Representative Johnson, of Washington, predicted that the government would become such a heavy creditor of railroads that the latter would remain permanently under its control and it was this he opposed.
